APPROVAL OF STATE ENGINEER	
This is to certify that I have examined the foregoing applicati	on.
and do hereby grant the same, subject to the following limitations an	. 1
conditions:	
This permit is issued subject to existing rights and in further subject to revocation when water is available from the Las	s
Vegas Valley Water District, and is limited to what the well will produce but not to exceed 0.02 c.f.s. It is understood that this	· ·
right must allow for a reasonable lowering of the static water led	el. neer
This source is located within an area designated by the State Engineer to Section 4 of the 1939 Ground-Water Act (Chap. 178, State 1939 as amended); therefore the State retains the right to regulat	ts
ithe use of the water herein granted at any and all times.	
The amount of water to be appropriated shall be limited to the amount	
which can be applied to beneficial use, and not to exceed 0.02	
cubic f@@t per second.	
Actual construction work shall begin on or before April 6, 1956	
Proof of commencement of work shall be filed before May 6, 1956	
Work must be prosecuted with reasonable diligence and be completed or	or
before April 6, 1957	
Proof of completion of work shall be filed before May 6, 1957	
Application of water to beneficial use shall be made on or before	
April 6, 1957 . Proof of the application of water to benefic	ial
use must be filed with State Engineer on or before May 6, 1957
